CONTRARY

living with a fierce unrest

May 21-23, 2010

Third Unitarian Church, 301 N. Mayfield Ave. Chicago, IL

Do you see the need for greater dialogue within our communities?
Do you see an abuse of power in our country?
Do you look for answers and seem only to find more questions?

Then join us for a weekend of social action and interfaith discussion on May 21-23 at Chicago's Third Unitarian Church! By volunteering with the Chicago Park District, examining power structures that impact our communities and engaging in artistic mediation, we we'll empower each other to become the change we wish to see in the world. Make sure to bring comfy overnight gear, the snacks you can't live without--and some retro duds for Saturday night's 80s prom!

You are invited to spend the weekend meeting with Unitarian Universalist young adults from around the Midwest doing social justice, attending workshops, enjoying contemporary worship and good food with old & new friends. Meals provided:vegetarian and vegan friendly! Participants may sleep at the church or make other arrangements for overnight lodging.
